Ms Jenni Wilke
President
Rotary Club of Karrinyup

Dear Jenni

THANK YOU FROM FRIENDS OF STAR SWAMP BUSHLAND RESERVE

On behalf of the Friends of Star Swamp Bushland Reserve, I would like to thank the Rotary Club of Karrinyup very much for your recent generous donation to our group.

The Friends of Star Swamp Bushland and Rotary Club of Karrinyup have had a long and fruitful collaboration, with many years of your members' attendance at the annual Lupin Pulls, your extensive involvement in the planning and development of the Henderson Environmental Centre and with your ongoing interest, support and regular donations. We are very appreciative of the relationship and hope it continues well into the future.

Last year, we thought we had seen the last of the lupins in the Reserve, but following a couple of fires and some other ground disturbance along the tracks and boundary, a new crop of lupins has germinated this year. So, we will be attacking these on Sunday 28 August with community support.

The recent donation will be put to very good use, we are in need of some new and additional bushcare equipment to help with our ongoing work in the Reserve.

Thank you again for your ongoing generosity to our group. It is very much appreciated.
Yours sincerely

Christine Curry
Hon Secretary
