Karrinyup Rotary Congratulates Osborne Park Hospital Nurse of the Year

Congratulations to the 2020 Rotary Club of Karrinyup Osborne Park Hospital Nurse/Midwife of the Year Award - Lisa Summers.

The Rotary Club of Karrinyup Nurse of the Year Award was created in 1990 to honour outstanding nurses and midwives working at the Osborne Park Hospital (OPH). This annual Award recognises a nurse (or midwife), whose daily dedication and care epitomises the highest standard of quality and personal commitment. The Award is highly regarded by the staff and promoted extensively by the Hospital.

Lisa Summers, a registered Nurse and Midwife, has worked for OPH since 2004 and for ten years at the Role of Infection Control – Clinical Specialist. At present Lisa is the key staff connection to information and best practice relating to COVID 19 Pandemic. She educated herself and is aware of all novices in relation to practices of managing COVID 19 in the hospital.

This award showcases the exceptional work of Osborne Park's nurses and midwives and in 2020, this achievement is even more significant as it is not only the 30th Anniversary of the Award and also the International Year of the Nurse and the Midwife. Congratulations again Lisa! - ENDS
